## DETAILED ACTION

### REASONS FOR ALLOWANCE

1. Claims 1,2,5,6,8-36 & 43-51 are allowed.
2. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of claims 1, 2, 5, 6 & 8-36 is the inclusion of the limitations of a fluid ejector including a thermally-conductive fluid ejector carriage, structure upon which thermally-conductive carriage translates, thermally-conductive interface structure between thermally-conductive fluid ejector carriage and the structure upon which it carriage translates providing a heat flow path, *wherein thermally-conductive interface structure comprises at least one thermally-conductive material including at least one polymer material and at least one thermally-conductive filler material*. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

The primary reason for the allowance of claims 43-51 is the inclusion of the method steps dissipating heat from a fluid ejector module that includes transferring heat from a fluid ejector module to a thermally-conductive fluid ejector carriage device [in thermal contact], transferring heat from thermally-conductive fluid ejector carriage device to at least one thermally-conductive interface structure between the fluid ejector carriage device and a structure upon which the fluid ejector carriage device translates, *thermally-conductive interface structure comprising at least one thermally-conductive material including at least one polymer material and at least one thermally-conductive material*. It is these steps found in each of the claims, as they are claimed

in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
